VISEO announces appointment of new Asia Managing Director

Singapore, 3rd September 2019 - VISEO, a global IT consulting firm specialised in assisting clients in their IT and digital transformation, announces the appointment of Olivier Dhonte as Asia Pacific Managing Director, effective September 3, 2018.

Olivier Dhonte, founder and Chairman of VISEO's Board of Directors, will succeed Nicolas Commare and take over the management of VISEO APAC Region to support its growth. This is a strategic decision aimed at strengthening VISEO's international presence. He has extensive experience and knowledge of the region as he was part of the team to first set up business VISEO's operations in Singapore back in 2009. Olivier will continue to work along with Eric Perrier and the Executive Committee on building and executing the overall VISEO strategy.

"I would like to congratulate and thank Nicolas for his efforts over the past four years. There were only 12 people in Asia when he arrived. Now we are about 160, with four main business practices. I'm very excited about this new challenge and the opportunity to directly make an impact in this region. VISEO is well poised to build on its success for an even stronger and more successful business", says Olivier Dhonte.

While Olivier will be relocating to Singapore to assume this new position, Nicolas will be returning to France to undertake the role of General Director of Colibri, a demand planning tool developed by VISEO, and spearhead its growth.
